14th June 2024

Dear Parent/Guardian,

On the 20th June all Year 9 students will sit a science end-of-year assessment. This assessment will test their understanding of scientific content they have acquired during their KS3 studies in biology, chemistry and physics.

The results of this assessment, along with previous assessment data and teacher input will allow us to identify the most suitable GCSE Science pathway for your child. In order to prepare pupils for this assessment your child will receive a revision checklist and recommended revision activities from their science teachers.

In addition to the revision pack, the **BBC KS3 Bitesize** website has revision notes, summaries, quizzes and games that your child might find useful.

Yours faithfully,

Miss E Vaughan
(Head of Science)
