Year 11 Performance Strand

Dear Families,

I hope this letter finds you well. I am writing to provide an update on the progress of our Year 11 pupils who have recently received their preliminary examination results and to share details of how we will be supporting them in school.

The prelims are an important milestone as they allow both pupils and staff to gauge current performance and identify areas for improvement ahead of the final examinations. We encourage you to take time to review these results with your child, celebrate their successes, and discuss any subjects where additional focus may be needed.

As a school, we remain committed to supporting every pupil to achieve their full potential. Our teachers are working diligently to provide targeted feedback and additional resources where required. Over the last couple of weeks, your child has had the opportunity to attend lunch and after school revision sessions. All pupils can attend the revision opportunities outlined on the revision timetable below. The revision timetable is published weekly and shared with all Year 11 pupils in registration and subject areas.

Example revision timetable:

Monday 9th December- Friday 13th December

Ahead of the prelims in February, we have introduced a six-week programme of revision to support your child's progress in core subject areas. All Year 11 pupils have been provided with revision materials and have had bespoke sessions relating to revision strategies to support them with independent revision. We are dedicating time each day to allow your child to revise in school. Whilst all pupils will have time set aside to revise during the school day, it is also an expectation that pupils follow a revision timetable to support their daily independent revision at home. Your child's form tutor will monitor their revision progress.

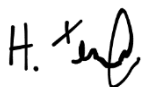

Sunday	Monday	Tuesday	Wednesday	Thursday
English	Maths	Science	RE	Geography or History

We also have our upcoming Year 11 Parents' Evening [Monday 20th January] where you will be able to meet with your child's subject teachers. Of course, if you have any concerns or questions before this scheduled event, please contact their Head of House using the email address below.
